- Calculate Total Costs for columns (e) through (h) by adding Total Personnel Costs for Program/PWFB to Total Operating and Indirect Costs.

Total

- Add columns (i) through (l), by funding source for each line as follows:

Column (i) Federal equals the total of columns (a), (c), and (e)

Column (j) State equals column (f)

Column (k) Federal Match equals the total of columns (b), (d), and (g)

Column (l) Program Income equals column (h)

Column (m) equals the total of columns (i) through (l)

Section B:

- Total Administration - For Federal column (a) enter the amounts found in Section A, Total Costs, columns (a) and (c). For Federal Match column (c) enter the amounts found in Section A, Total Costs, columns (b) and (d).
- Total Program/PWFB - For columns (a) through (d) enter the amounts found in Section A, Total Personnel Costs, columns (e) through (h), by funding source.

- Total Costs - for each funding source add the lines in columns (a) through (d).
- To calculate Column (e), add columns (a) through (d) for each line.

Section C:

Compliance Instructions

Total AAA Administration expenditures shall not exceed eight (8%) percent of the Federal allocation. Total Program/PWFB expenditures must be at a minimum of seventy-nine (79%) percent of the Federal allocation.

- Administration - Compute and enter the percent (%) of Administration to Total Costs. Divide Section A, Total Costs – AAA Admin - Federal, by Section B, Total Costs - Federal.
- Program/PWFB - Compute and enter the percent (%) of Program/PWFB to Total Costs. Divide Section B, Total Program/PWFB - Federal, by Section B, Total Costs - Federal.
- Federal Match - Compute and enter the percent (%) of Federal Match to Total Costs. Add Section B, column (a) Total Costs Federal to Section B, column (c) Total Costs Federal Match. Divide column (c), Total Costs Federal Match by this amount.

Example:

Total Costs (Federal) = 10,000, Total Costs (Federal Match) = 1,500

Calculation: $10,000 + 1,500 = 11,500$

$1,500 \text{ divided by } 11,500 = 13\%$
